CERTIFICATE OF PROJECT SITE ACQUISITIONS

I, Roy S. F. Angle, Attorney at Law, representing Hamilton Township Municipal Authority as title counsel, do hereby certify;

1. That I have investigated and ascertained the location of, and am familiar with the legal description of the necessary sites (including easements and/or rights-of-way) being provided by the Grantee for all of the water pollution control facilities identified under Project No. C-420916-01.
2. That I have examined the deed records of the county or counties in which such project is to be located and, in my opinion, the Grantee has, or will have prior to the awarding of construction contracts, a legal and valid fee simple title or such other estate or interest in the necessary site components for the project, including easements and/or rights-of-way, sufficient to assure undisturbed use and possession for the purpose of construction, operation, and maintenance for the estimated life of the facilities.
3. That any deeds or documents required to be recorded in order to protect the title of the owner and interest of the Grantee have been duly recorded and filed for record where ever necessary.
4. That all necessary permits as may be required by governing authorities have been or will be acquired without delay to the construction.
5. Remarks: All site acquisitions and Rights-of-way have been acquired or are under option, or have been condemned and Grantee has right of possession.
6. Exceptions: A license was granted across the front of the Pennsylvania National Guard Armory for a sewer line by the Commonwealth of Pennsylvania, approved by Milton J. Shapp, Governor of Pennsylvania. This is the most under Pennsylvania Law that can be granted. The Commonwealth can revoke this license for reasonable cause upon giving six (6) months notice.
